Original: French

**RID:** 43<sup>rd</sup> Session of the Committee of Experts on the Transport of Dangerous Goods  
(Helsinki, 2 – 5 October 2006)

**Subject:** TE 22 – reference to UIC leaflet 573

**Proposal transmitted by Belgium**

---

## Introduction

Section 1.4 of UIC leaflet 573 – Technical conditions for the construction of tank wagons – contains technical provisions concerning energy absorption elements. We propose that a reference to this leaflet be added to TE 22.

## Proposal

At the end of TE 22, add:

The requirements of this paragraph are considered to have been complied with if Section 1.4 of UIC leaflet 573\* (Technical conditions for the construction of tank wagons) is applied.

\* 6<sup>th</sup> Edition of the UIC leaflet applicable from 1 April 2005, published by the International Union of Railways, Publications Service, 16, rue Jean Rey, F-75015.
