

OTIF/RID/CE/GTP/2018/12

14 September 2018

Original: French

RID: 10th Session of the RID Committee of Experts' standing working group
(Krakow, 21 to 23 November 2018)

Subject: Carriage of dangerous goods as express goods

Proposal transmitted by Italy

SUMMARY

Explanatory summary:

Dangerous goods not permitted for carriage in limited and exempted quantities should not be permitted for carriage as express goods either.

Decision to be taken:

Deletion of the CE code in column (19) of Table A for those substances that are not permitted for carriage in limited and exempted quantities.

Introduction

1. When RID was restructured, the provisions for express goods were denoted by alphanumeric codes beginning with the letters "CE" (column (19) of Table A in Chapter 3.2).
2. Limited quantities were denoted by alphanumeric codes beginning with the letters "LQ". Since the 2011 edition, column (7a) of Table A in Chapter 3.2 has indicated the maximum quantity of substance per inner packaging or article for carrying dangerous goods as limited quantities.
3. Since the 2009 edition, column (7b) of Table A in Chapter 3.2 has indicated the exempted quantities using an alphanumeric code beginning with the letter "E".

4. For some entries for which the value “0” is given in column (7a) and the alphanumeric code “E0” is given in column (7b), column (19) indicates an alphanumeric code beginning with the letters “CE”.
5. Italy is of the view that an entry that is not permitted for carriage in limited or exempted quantities should not be permitted for carriage as express goods either.

Proposal

6. For all entries for which column (7a) shows “0” and column (7b) shows “E0”, delete the code in column 19.
7. This concerns the following UN numbers:
