Transport of Dangerous Goods occurrence reporting

Information from European Union Agency for Railways

Improvement of TDG occurrence reporting

JCGE #5

6 September 2022

- As announced at EC TDG Expert Group meeting, ERA contributed with two documents to be discussed at next Joint Meeting for improving TDG occurrence reporting

INF.8 - [Contribution to the work of the informal working group on the improvement of TDG occurrence reporting \(ERA\)](#)

INF.9 - [Publication of the conclusions of the bilateral meeting of 17 December 2019 \(ERA\)](#)

- It takes into account the work done by UNECE/OTIF working group on accident reports
- The presented approach makes complementary the reports of occurrences in accordance with RID and RSD/CSM ASLP, meaning no duplication of effort for operators
- A formal proposal may be presented at the Joint Meeting in March 2023

Moving Europe towards a sustainable and safe railway system without frontiers.
