

The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009 (as amended)

Notice of Recognition

Notice Number 5 (Revision 3)

As permitted by regulation 26 of The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009 (as amended).

The following technical code:

Reference	Title
AMT03	Transportable gas cylinders – refillable welded steel cylinders containing adsorbent materials for sub-atmospheric gas storage and delivery (excluding acetylene)

is recognised in accordance with the provisions of Chapters 6.2.5 of the Regulations concerning the Carriage of Dangerous Goods by Rail (RID) and the European Agreement Concerning the International Carriage of Dangerous Goods by Road (ADR).

Copies of this technical code are available from the following website:

<https://www.entegris.com/content/en/home/resources/reference-materials.html?q=technical+code#sranchor>

Scope

As of 31 August 2015, use of this technical code for the construction of new cylinders is forbidden, but it may continue to be used for the purpose of periodic inspection and testing of such cylinders.

Duration

This notice shall come into force on 18 January 2017 and shall remain in force until revised or withdrawn.

A handwritten signature in blue ink, appearing to read 'John Mairs', is positioned above a faint, light blue rectangular stamp.**John Mairs**

Department for Transport, who has been duly authorised to sign in that behalf.
