

Application of RID 2023

The 2023 edition of the Regulation concerning the International Carriage of Dangerous Goods by Rail (RID) entered into force on 1 January 2023.

As with each publication of a new edition of RID, users are allowed a transitional period of six months, during which time the previous edition can still be applied. This transitional period ends on 30 June 2023. From 1 July 2023, therefore, only the 2023 edition must be applied.

RID 2023 is published in the three working languages of the Intergovernmental Organisation for International Carriage by Rail (OTIF) and can be consulted on the Organisation's website: [French](#), [German](#), [English](#). The English and French versions are also printed by two publishers, whose contact details are available on OTIF's website.

A Russian version will be available online in 2023.
