Original: English

RID: 51th Session of the Committee of Experts on the Transport of Dangerous Goods
(Berne, 30 and 31 May 2012)

Subject: References to EN 13110 in RID 6.2.4.1

Information from the European Committee for Standardisation (CEN)

Introduction

1. During its last session, the Joint Meeting preliminary agreed to complement the existing reference to EN 13110:2002 in subsection 6.2.4.1 with a reference to the revised edition EN 13110:2012 as follows:

(1)	(2)	(3)	(4)	(5)
EN 13110:[2012] except clause 9	Transportable refillable welded aluminium cylinders for liquefied petroleum gas (LPG) – Design and construction	6.2.3.1 and 6.2.3.4	Until further notice	

(Reference document: ECE/TRANS/WP.15/AC.1/126 – OTIF/RID/RC/2012-A (Report of the Joint Meeting on its spring 2012 session))

The year of publication in the reference number EN 13110:[2012] was put in square brackets as the preparation of the text for publication had not been completed at that time.

Information

2. This is to inform that the date for publication is 2012-05-16. It's emphasised that this is a confirmed date. CEN asks to remove the square brackets in the text of RID 2013.

For reasons of cost, only a limited number of copies of this document have been made. Delegates are asked to bring their own copies of documents to meetings. OTIF only has a small number of copies available.
