(English only)

RID: 14th Session of the RID Committee of Experts' standing working group
(Berne/hybrid, 23 May 2022)

Subject: Simplification and harmonisation of Section 1.10.4

Transmitted by Norway and Sweden

1. During the 111th session of WP.15, a proposal concerning security for dangerous goods carried in accordance with 1.1.3.6 was adopted, see [ECE/TRANS/WP.15/2022/3](#). In connection to this proposal, a consequential amendment regarding the first sentence in section 1.10.4 was also adopted, see [INF.19](#).
2. The text, which relates to carriage of dangerous goods in accordance with 1.1.3.6, is also found in section 1.10.4 in RID. In RID the application of 1.1.3.6 is directly linked to carriage in accordance with 1.1.3.1 (c), which means that no other provisions in RID applies. For this reason and in order to harmonise the text with ADR, Sweden and Norway find this text redundant and propose that it should be deleted.
3. For carriage on rail, the same reasoning applies for the second sentence in 1.10.4. This sentence exempts bulk and tank carriage from Chapter 1.10 if their quantities do not exceed those referred to in 1.1.3.6.3. Therefore, also this sentence is proposed to be deleted.
